HISTORICAL INFORMATION

The Estes Park Urban Renewal Authority was formed by citizens in 1983, following the 1982 Lawn Lake flood, which caused considerable damage to downtown Estes Park. Funds raised by EPURA were used to fix and transform the downtown corridor into a safer and more pedestrian friendly area for both residents and tourists. The Riverwalk along Fall River is considered the centerpiece accomplishment of the organization. In 2010, voters moved to abolish the tax district.

SCOPE AND CONTENTS OF THE COLLECTION

This collection consists primarily of reports concerning the development of downtown Estes Park. Materials in the collection span from 1974 to 2008. Researchers interested in the history of the Estes Park Urban Renewal Authority and the history of downtown Estes Park in the late 20th century would find these materials useful. Overall, the collection is in good condition, however some of the reports have fragile or no bindings. Please use these materials with care.
